Principal Amount

The principal amount of the Acquisition shall be paid on 25 November 2015 and be satisfied in cash from internal resources of the Company.

REASONS AND BENEFITS OF THE PURCHASE OF ELN

The Group's principal activities are property investment, property development, investment in securities and loan financing.

The Directors has a view that ELN is one of the investment options that can earn potentially higher interest income (in the form of interest rates) than normal market deposit; and ELN does not have any brokerage charges and clearing fees on the purchase of the underlying shares until the time when the underlying shares are delivered. By capitalising on share movements, it is an opportunity to maximise market opportunities by earning more attractive interest rate, moreover, ELN has a flexible choice in terms of the share counters and tenors.

Having considered the above factors and the terms of ELN, the present market conditions of the stock market and the track record of CCB, the Directors (including the independent non-executive Directors) are of the view that the Acquisition is fair and reasonable, on normal commercial terms and in the interests of the Company and its Shareholders as a whole.
